

Affordable Housing

On March 14, 2014, the City of Cannon Beach City Council sent a Cannon Beach Housing needs survey to businesses operating in Cannon Beach. The goal of the survey was to produce a report for the newly created Cannon Beach Affordable Housing Task Force. The mission of this Task Force is to analyze the housing needs in our community, to explore the range of actions the City could take to help meet those needs, and then to make recommendations to the Cannon Beach City Council.
