Vendor Spotlight Kingfisher Farms

Nestled between the Pacific Ocean and the Coastal Mountain Range, up the Nehalem Valley, and right on the Nehalem River, sits Kingfisher Farms. Established in 1986, Kingfisher was the first Organic farming operation on the Oregon Coast! Kingfisher Farms was passed down from the Trenary family to the O'Dea family. The farm continues to provide the finest artisan organic produce to local markets and restaurants. Find us at our local Northern coast farmer's markets on their events page. Any other inquiries (markets, produce, wholesale, supply, volunteering, employment opportunities) please feel free to contact us.
