Dear Cannon Beach Planning Commission:

We would like to add our voices on the issue of the proposed development at Nenana Ave. Our neighbors have already commented on and offered many compelling concerns to the commission regarding safety, stability and the loss of trees and natural beauty. We agree with those sentiments as well and are therefore opposed to the development of this site.

This project seems to create long-term effects on the community that extend well beyond the construction of a home. We ask that you consider the costs and benefits to the community at large in your decision. Thank you for listening. We have confidence that you will make a thoughtful and informed decision in this matter.

Best Regards

Justin Coughlin and Tanya Sorensen
