Uphold the Oceanshore Setback Rules

Hello Mr. Adams,

As a near monthly visitor to Cannon Beach and Haystack Rock for the past two decades, I will not idly stand by and allow this developer's attempts to circumvent the Oceanshore Setback Rules and make the proposed access changes and tree removals. The rules are in place to protect the beach and water quality and no one so willing to disregard these evidenced-based protections should be allowed to set a precedent as potentially deleterious to the shoreline, ocean, land values, visitor experience and local revenue. Should the proposed property be cleared and land destabilized for this garish development, I will take my visitor dollars out of Cannon Beach.
