JEFF

My name is ROBERT WAYNE MD and I'm a 40 year resident of Cannon Beach. I just heard about the silly idea of putting some big structure in the hillside just south of the Oswald West Homestead. I ride my horse on the S-curve above that home almost every week and the beach below also. It seems to me totally silly to try And build anything on that small lot not to even ignore it's terrible anatomy. Please list me as a supporter and send directions and what we are doing next. Sincerely ROBERT WAYNE MD
