Subject: STOP bulldozing the dunes
Date: Tuesday, October 1, 2019 4:05:16 PM

We are writing to notify the City Council and Planning Commission of our objection to allow bulldozing of the dunes for the benefit of a small population of residents of Cannon Beach. As we all know, the dunes belong to the State of Oregon, not a small percentage of property owners that line the coastline. The bulldozing of the dunes disrupts the ecosystem as well as disrupts the protection that the dunes provide against storms.

Please let us know how we can stay informed of this very important matter that affects all citizens of Cannon Beach as well as the entire state of Oregon.

Sincerely,
Brian and Nancy Thompson
